P.L. 2018, c. 127 establishes a prompt payment requirement that applies to goods and services contracts a contracting unit awards to a “business concern” under the Local Public Contracts Law (LPCL). The law applies to all goods and services contracts awarded on or after February 1, 2019 (the law’s effective date) regardless of dollar amount and any contracts requiring either a single payment or multiple payments. The law does not change the prompt payment requirements for improvements to real property and structures as set forth in N.J.S.A. 2A:30A-1 et seq. and described in LFN 2006-21. The law defines “Business Concern” as any person engaged in a trade or business, including a private nonprofit entity operating as an independent contractor, providing goods and services directly to a contracting unit or to a designated third party and operating pursuant to a contract with a contracting unit which requires either a single payment or multiple payments, but shall not include a “public utility” as defined in N.J.S.A. 48:2.13.

In the event the original contractor cannot meet this requirement, the Township may solicit the goods and/or services from any respondent on this contract.

2.10 Multiple Proposals Not Accepted

More than one proposal under the same project name from an individual, a firm or partnership, a corporation or association under the same or different names shall not be considered.

2.11 Subcontractors

The owner will consider the primary contractor to be the sole point of contact with regard to contract matters. The primary contractor will be required to assume sole responsibility for delivery of all services.

Respondent may find it advantageous to include sub-consultants in their proposal. Such an arrangement is acceptable provided that the relationship between firms is clearly defined and the method of maintaining proper project management and oversight is described within the proposal. The use of sub-consultants is left to the discretion of respondent, provided that the criteria of adequate capability in all areas of the scope of work are met. Any sub-consultants must be identified in the same manner as the primary consultant.

2.12 Failure to Enter Contract

Should the respondent, to whom the contract is awarded, fail to enter into a contract within ten (10) days, Sundays and holidays excepted, the Township may then, at its discretion, accept the proposal of another respondent.

The contractor agrees to commence work after the date of award by the Township and upon notice from the using department.

2.14 Time of Completion

It is hereby understood and mutually agreed, by and between the respondent and the owner, that the date on which the work shall be substantially complete as specified in the RFP is an essential condition of this contract. It is further mutually understood and agreed that the work and contract time embraced in this Contract shall commence on the date specified and that the resulting contract shall be completed in sequence and time frames identified by the Township.

The respondent agrees that said services shall be processed regularly, diligently, and uninterruptedly at such rate of progress as will ensure full completion thereof within the time specified. It is expressly understood and agreed, by and between the respondent and the owner, that the time of completion of the services described herein is completed in a reasonable time.

If, by any cause, the contractor shall fail to fulfill services in a timely manner under the Contract or if the contractor violates any requirements of the Contract, the Township shall thereupon reserves the right to terminate the Contract by giving written notice to the contractor of such termination at least thirty (30) days prior to the proposed effective date of the termination. Such termination shall relieve the Township of any obligation for the balances to the contractor of any sum or sums set forth in the Contract.

The contractor agrees to indemnify and hold the Township harmless from any liability to subcontractors or suppliers concerning payment for work performed or goods supplied arising out of the lawful termination of the Contract by the Township under this provision.

In case of default by the contractor, the Township may procure the articles or services from other sources and hold the contractor responsible for any excess cost occasioned thereby.

2.16 Non-Allocation of Funding Termination

Each calendar year payment obligation of the Township is conditioned upon the availability of owner funds appropriated or allocated for the payment of such an obligation. If funds are not allocated and available for the continuance of any services performed by the Contractor hereunder, whether in whole or in part, the Township at the end of any particular calendar year may terminate such services. The Township will notify the Contractor in writing immediately of any services that will be affected by a shortage of appropriated funds. This provision shall not be construed so as to permit the Township to terminate this Agreement during the term, or any service hereunder, merely in order to acquire identical services from a third party contractor.

2.17 Force Majeure

Neither party shall be responsible for any resulting loss or obligation to fulfill duties as specified in any of the terms or provisions of this Agreement if the fulfillment of any term or provision of this Agreement is delayed or prevented by any revolutions, insurrections, riots, wars, acts of enemies, national emergencies, strikes, floods, fires, acts of God, or by any cause not within the control of the party whose performance is interfered with which by the exercise of reasonable diligence such party is unable to prevent. Additionally, if the fulfillment of any of the terms and provisions of this Agreement is delayed or prevented by any court order, or action or injunction or other such agreement, this Agreement shall become voidable by the owner by notice to each party.

2.18 The Township and the Contractor each bind themselves and their successors, executors, administrators, heirs and assigns and legal representatives of the other party respecting all covenants and agreements and obligations of this contract.

2.19 The terms of this Agreement shall be construed and interpreted, and all respective rights and duties of the parties shall be governed by the laws of the State of New Jersey.

2.20 Challenge of Specifications

Any respondent who wishes to challenge a specification shall file such challenge in writing with the Purchasing Agent no less than three (3) business days prior to the opening of the RFP's.

Challenges filed after that time shall be considered void and having no impact on the owner or the award of contract.

2.21 Payment

Invoices shall be submitted monthly and must specify, in detail, the period for which payment is claimed, the services performed during the prescribed period, the amount claimed and correlation between the services claimed, all backup documentation (mileage, time logs, receipts for expenses, etc.), amount remaining in total balance, and the Proposal Cost Form.

The Township may withhold all or partial payments on account of subsequently discovered evidence including but not limited to the following:

1. Deliverables not complying with the project specification;
2. Claims filed or responsible evidence indicating probability of filing claims;
3. A reasonable doubt that the Contract can be completed for the balance then unpaid.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

2.22 Non-payment of Penalties and Interest on Overdue Bills

Public funds may be used to pay only for goods delivered or services rendered. Galloway Township will not pay penalties and/or interest on overdue bills. No employee is authorized to sign a letter of credit or any other document that represents a legal commitment on the part of the owner to pay additional fees.

2.23 Ownership of Material

The Township shall retain all of its rights and interest in any and all documents and property both hard copy and digital furnished by the Township to the contractor for the purpose of assisting the contractor in the performance of this contract. All such items shall be returned immediately to the Township at the expiration or termination of the contract or completion of any related services, pursuant thereto, whichever comes first. None of the documents and/or property shall, without the written consent of the Township, be disclosed to others or used by the contractor or permitted by the contractor to be used by their parties at any time except in the performance of the resulting contract.

Ownership of all data, materials and documentation originated and prepared for the Township pursuant to this contract shall belong exclusively to the Township. All data, reports, computerized information, programs and materials related to this project shall be delivered to and become the property of the Township upon completion of the project. The contractor shall not have the right to use, sell, or disclose the total of the interim or final work products, or make available to third parties, without the prior written consent of the Township. All information supplied to the Township may be required to be supplied on CD-ROM/USB flash drive media compatible with the Township's computer operating system windows based, Microsoft Office.

Under state and federal statutes, certain government records are protected from public disclosure. The Township, the Contractor and any Subcontractors have a responsibility and an obligation to safeguard from public access an employee's personal information with which it has been entrusted when disclosure thereof would violate the employee's reasonable expectation of privacy. All payroll, personnel and health insurance related files are confidential. Additionally, the Contractor and any Subcontractors may be privy to sensitive law enforcement information or investigations during their review which must remain confidential. The Township reserves the right to make any public disclosure under the law. Also among government records deemed confidential are administrative or technical information regarding computer hardware, software and networks that, if disclosed, would jeopardize computer security. The Contractor and any Subcontractor(s) are prohibited from the sale or distribution of all supplied information to any third party.
